Proposed Services

Voice and Broadband services with broadband transmission speeds of 20 mbps downstream/2 mbps upstream provided over underground fiber to the home.

Funding

Because the unserved high-cost census blocks within the selected Census Tract(s) have yet to be identified, Pinland Telephone Communications, Inc. is unable to estimate the construction costs and amount of funding needed. The costs will be identified if and when a formal proposal is submitted.

Pinland Telephone Communications, Inc. expects service within the unserved high-cost Census Blocks to be offered within 36 months after construction starts.

Pineland Telephone Communications, Inc. appreciates the opportunity to provide this non-binding expression of interest. Please contact the undersigned with any questions.
